

Whitney Ferré

is coming to The ARTbar to teach her inspirational painting technique!

We are going to paint OWLS! Owls symbolize our own "inner light" and Whitney's internationally recognized Creatively Fit Program wants to amplify your own "Artist Within" so that you can CREATE the change you want in your life. This workshop is best experienced by COMPLETE BEGINNER painters! NO experience is necessary. The painting is the PORTAL to your infinite spirit—that has infinite potential. It is our limited, logical thinking that keeps us from living in full TECHNICOLOR!
